

IN-WALL MOUNTING

The speed of the **Qikfire™** in-wall mounting system makes the entire range very “installer-friendly”. The **ci30**, **ci45**, **ci90slim** and **ci65** are fitted with **Qikfire**, a spring-loaded mounting system which allows the loudspeaker to be fixed in position with a simple twist of a screwdriver and permits post-installation micro-adjustment.

Please heed all safety warnings (see pages 10 & 11)

Use perforations to release in-wall template and place level on wall

Use template to cut hole in wall

Place speaker in wall

Use screwdriver to fix **Qikfire™** mounting system

Repeat step 4

Repeat step 4

Your speaker is now securely installed in the wall

Place magnetic grille on speaker

Your installation is complete
